Parity payments will be made to producers of each of the commodities, wheat, cotton, corn (in the commercial corn-producing area), and tobacco, who comply with the provisions of these regulations, except those commodities for which the sum of the basic loan rate or the average farm price, whichever is the higher, for the 1941 crop year, and the rate of payment for such commodity under the 1942 Agricultural Conservation Program equals or exceeds the parity price for the 1941 crop year.

Section 1 ELIGIBILITY FOR PAYMENT

An application for parity payment with respect to a commodity may be made (1) by any person for whom, under the provisions of Sec. 3, a share in the payment with respect to a commodity may be computed and (2) with respect to a farm which is being operated in 1942. Application for payment with respect to a farm may be made for one or more of the commodities listed in Sec. 2 hereof prior to determination of performance of all such commodities, in which case the applicant shall agree to refund all or any part of the payment if it is found after determination of performance for all the commodities that he was not entitled thereto.

upon which they are required to be based become available.

(b) Cotton

(1) Payment.-- cents per pound of the normal yield of cotton for the farm for each acre in its cotton allotment.

(2) Deduction.--Ten times the payment rate for each acre planted to cotton in excess of its cotton allotment or, in the case of a farm on which cotton is planted in 1942 and on which cotton was not planted in 1939, 1940, or 1941, for each acre in excess of its permitted acreage.

(c) Tobacco

(1) Payment.--The following number of cents per pound of the normal yield per acre of tobacco for the farm for each acre in its tobacco allotment for each of the following kinds of tobacco:

Burley -----	Cigar-filler tobacco

Fire-cured -----	binder (except

(2) Deduction.--Ten times the payment rate for each acre of tobacco harvested in excess of the applicable tobacco allotment or permitted acreage, whichever is applicable.

(d) Wheat

(1) Payment.--Wheat-Allotment Farms.--
 cents per bushel of the normal yield of wheat for the farm for each acre in its wheat acreage allotment.

(2) Deduction.--(i) Wheat-Allotment Farms.--
Ten times the payment rate for each acre planted to wheat on the farm in excess of its wheat allotment.

(ii) Non-Wheat-Allotment Farms.--Ten times the payment rate for each acre of wheat on the farm harvested for grain, or for any other purpose after reaching maturity, in excess of the larger of 15 acres or the wheat allotment or permitted acreage, whichever is applicable, or, in the East Central Region and in

the Southern Region except Texas and Oklahoma, in excess of the largest of (a) the wheat acreage allotment or permitted acreage, whichever is applicable, (b) 15 acres, or (c) if no wheat is sold from the farm, 3 acres per family living on the farm and having an interest in the wheat crop grown thereon.

Sec. 3 DIVISION OF PAYMENT AND DEDUCTIONS

The net payment or net deduction computed for any farm with respect to any special crop shall be divided among the landlords, tenants, and sharecroppers in the same proportion (as indicated by their acreage shares expressed in terms of either acreages or percentages) that such persons are determined by the county committee to be entitled, as of the time of harvest, to share in the proceeds (other than a fixed commodity payment) of such crop(s) grown on the farm in 1942. Such determination shall be made at the time the county committee approves the application for payment: Provided, That if any such crop is not grown on the farm in 1942, or the acreage of such crop is substantially reduced by flood, hail, drought, insects, or planted disease, the net payment or net deduction computed for such crop shall be divided among the landlords, tenants, and sharecroppers in the proportion that the county committee determines such persons would have been entitled to share in the proceeds of such crop if the entire acreage in the acreage allotment for such crop had been planted and harvested in 1942: Provided further, That if for any reason the total acreage of cotton on a farm in 1942 is less than 80 percent of the cotton allotment for the farm and the acreage of cotton planted or which would have been planted thereon by any producer in 1942 is a substantially smaller proportionate share of the acreage planted to cotton thereon than such producer normally plants thereon and all the persons who are or would have been entitled to receive a share of the proceeds of the cotton agree, as shown by their signatures on the application for payment or a separate statement, the net payment computed for cotton for the farm shall be divided among the landlords, tenants, and sharecroppers in the proportion that the county committee determines that such persons would have been entitled to share in the proceeds of the cotton crop if the entire acreage in the cotton allotment had been planted and harvested in 1942, but in no event shall the acreage share so determined for any person be less than such person's acreage share of the acreage planted to cotton on the farm in 1942: And provided further, That, in cases

where two or more separately owned tracts of land comprise a farm in any area designated by the Agricultural Adjustment Administration as an area in which a substantial proportion of the farms comprise two or more separately owned tracts of land, and all persons who are entitled to receive a share of the proceeds of any such crop agree (or all landlords who are entitled to receive a share of the proceeds of any such crop agree, if in any area the payment to be divided pursuant to this proviso is limited by the Agricultural Adjustment Administration to that payment accruing to landlords on the farm), as shown by their signatures on the application for payment or a separate statement, the share of each such person in the net payment or net deduction computed with respect to such crop on such farm shall be that share which fairly reflects the contribution of each such person to performance with respect to such crop and also results substantially in a division of such payment or deduction among landlords, tenants, and sharecroppers as classes as each such class shares in the crop, or proceeds thereof, with respect to which the payment or deduction is being made.

Sec. 4 PRORATION OF NET DEDUCTIONS

If the sum of the net payments computed for all persons on a farm exceeds the sum of the net deductions computed for all persons on such farm, the sum of the net deductions computed for all persons on such farm shall be prorated among the persons on such farm for whom a net payment is computed, on the basis of such computed net payments. If the sum of the net deductions computed for all persons on a farm equals or exceeds the sum of the net payments computed for all persons on such farm, no payment will be made with respect to such farm and the amount of such net deductions in excess of the net payments shall be prorated among the persons on such farm for whom a net deduction is computed, on the basis of such computed net deductions.

Sec. 5. DEDUCTIONS INCURRED ON OTHER FARMS

(a) Other farms in the same county.--If the deductions computed under sections 1 and 2 with respect to any farm in a county exceed the payment for full performance on such farm computed under such sections, a person's share of the amount by which such deduction exceeds such payments shall be deducted from such person's share of the payment which would otherwise be made to him with respect to any other farm or farms in such county.

(b) Other farms in the State.--If the deductions computed under sections 1 and 2 for a person with respect to one or more farms in a county exceed the payments computed for such person on the other farms in such county, the amount of such excess deductions shall be deducted from the payments computed for such person with respect to any other farm or farms in the State, if the State committee finds that the crops grown and practices adopted on the farm or farms with respect to which such deductions are computed substantially offset the contribution to the program made on such other farm or farms.

Sec. 6 GENERAL PROVISIONS RELATING TO PAYMENTS

(a) Payment restricted to effectuation of purposes of the program.-- All or any part of any payment which otherwise would be computed for any person under the 1942 program may be withheld or required to be returned (a) if he adopts or has adopted any practice which tends to defeat any of the purposes of the 1942 Parity Payment Regulations, (b) if, by means of any corporation, partnership, estate, trust, or any other device, or in any manner whatsoever, he has offset, or has participated in offsetting, in whole or in part, the performance for which such payment is otherwise authorized, or (c) if, with respect to grazing land, forest land, or woodland owned or controlled by him, he adopts or has adopted any practice which is contrary to sound conservation practices.

Practices which tend to defeat the purposes of the 1942 program and the amount of the payment which shall be withheld or required to be refunded in each such case shall include, but shall not be limited to, the following cases:

Practice	Amount to be Withheld or Refunded
(1) A landlord or operator, including the landlord of a cash or standing or fixed rent tenant, either by oral or written lease or operating agreement, or by an oral or written agreement supplementary to such lease or operating agreement, requires by coercion or induces by subterfuge his tenant or sharecropper to agree to pay to such landlord or operator	The amount of the net deduction computed for such business enterprise.

all or a portion of any Government payment which the tenant or sharecropper has received or is to receive for participating in the 1942 Parity Payment Regulations Program.

(2) A landlord or operator requires that his tenant or sharecropper pay, in addition to the rental customarily paid in the community for similar land, and use, a sum of money or any thing, or service of value equivalent to all or a portion of the Government payment which may be, is being, or has been earned by the tenant or sharecropper.

The entire payment which has been or otherwise would be made to such landlord or operator with respect to the farm.

(3) A landlord or operator knowingly omits the names of one or more of his landlords, tenants, or sharecroppers on an application for payment form or other official document required to be filed in connection with the 1942 Parity Payment Regulations Program, or knowingly shows incorrectly his or their acreage shares of a crop, or share of soil-building practices, or otherwise falsifies the record required therein to be submitted in respect to a particular farm, thereby intentionally depriving or attempting to deprive one or more landlords, tenants, or sharecroppers of any Government payment to which they are entitled.

The entire payment which has been or otherwise would be made to such landlord or operator with respect to the farm.

(4) A person complies with the provisions of the program on a farm or farms operated by him as an individual, but causes or fails to prevent the substantial offsetting of such performance by the farming operations of a partnership, association, estate, corporation, trust, or other business enterprise in which he has a financial interest and the policies of which he is in a position to control.

(5) A partnership, association, estate, corporation, trust, or other business enterprise carried on its operations so as to qualify for payment, but one of the persons who is interested in and in position to control the operations or policies of such partnership, association, estate, corporation, trust, or other business enterprise, substantially offsets such performance by such person's individual operations.

(6) A person operates farms in two or more States and substantially offsets his performance in one State by overplanting his farm in another State.

(7) A person rents land for cash, standing, or fixed rent to another person who he knows or has good reason to believe will offset such person's

All or any part of the payments which have been or otherwise would be made to the person who adopts such a practice.

All or any part of the person's payments shall be forfeited except that the amount so forfeited shall not be less than the greater of the amount of the deduction incurred with respect to the person's farm or the person's share of the payment computed for the partnership, association, estate, corporation, trust, or other business enterprise, and the payments to the partnership, association, estate, corporation, trust, or other business enterprise, shall be reduced by the amount which the State committee finds or estimates is commensurate with his interest in such enterprise.

The net amount of the deduction which would be computed for such person for such overplanting if the farms were in the same State.

The net amount of the deduction which would be computed if the person were entitled to receive all the crops planted on the land so rented.

performance by substantially overplanting the acreage allotment for the farm which includes such rented land.

(8) A person participates in the planting, production, or harvesting of a crop on a farm other than a farm in which he admits having an interest. (A person shall be considered to be participating in the planting, production, or harvesting of a crop if the committee finds that he furnished labor, machinery, workstock, or financial assistance for the planting, production, or harvesting of such crop and that he has a financial interest in such crop.)

(9) A tenant, in settling his obligations under a written or oral rental contract or operating agreement, or a written or oral contract, or agreement supplemental or collateral thereto, pays or renders cash, standing rent, or fixed rent, or a share of the crop, or any service or thing of value, aggregating in value in excess of the rental customarily paid in the community for similar land and use, thereby diverting to the landlord or operator the whole or any part of any Government payment which the tenant is entitled to receive. The application of this rule shall be subject to the approval of the regional director.

The proportion of the net amount of the deduction which would be computed for the farm which the committee determines was such person's interest in the crops planted, produced, or harvested.

The whole of any payment with respect to the farm which has been or otherwise would be made to such tenant. There shall be withheld from or required to be refunded by such landlord or operator the whole of the payments with respect to all of his farms under the program involved: Provided, however, That, where a tenant is renting for a share of the crop only and the tenant's share is 60 percent or less only the landlord's or operator's payments shall be withheld or recovered.

(10) A landlord or operator forces or causes, by coercion, subterfuge, or in any manner whatsoever, a tenant or sharecropper to abandon a crop prior to harvest for the purpose of obtaining the share of the Government payment that would otherwise be made to the tenant or sharecropper with respect to such crop.

The entire payment which has been or otherwise would be made to such landlord or operator with respect to the farm.

(11) A person misuses or participates in the misuse of a marketing card with respect to any commodity for which marketing quotas are in effect or fails to file or knowingly falsifies any report required by or under the regulations pertaining to marketing quotas for the 1941-42 or 1942-43 marketing year and such misuse or failure to file or falsification of such report results in any erroneous or incomplete record pertaining to any farm in connection with marketing quotas.

The entire payment which has been or would otherwise be made to such person with respect to the farm.

(b) Payment computed and made without regard to claims.-- Any payment or share of payment shall be computed and made without regard to questions of title under State law, without deduction of claims for advances (except advances or payments or notes (executed by the producer or his predecessor-in-interest), for crop insurance premiums for the farm, and indebtedness to the United States subject to set-off under orders issued by the Secretary), and without regard to any claim or lien against any crop, or proceeds thereof, in favor of the owner or any other creditor.

(c) Changes in leasing and cropping agreements, reduction in number of tenants, and other devices.-- If on any farm in 1942 any change in the arrangements which existed on the farm in 1941 is made between the landlord or operator and the tenants or sharecroppers and such change would cause a greater proportion of the payments to be made to the landlord or operator under the 1942 program than would have

been made to the landlord or operator for performance on the farm under the 1941 program, payments to the landlord or operator under the 1942 program with respect to the farm shall not be greater than the amount that would have been paid to the landlord or operator if the arrangements which existed on the farm in 1941 had been continued in 1942, unless the county committee certifies that the change is justified and approves such change.

If on any farm the number of sharecroppers or share tenants in 1942 is less than the average number on the farm during the three years 1939 to 1941 and such reduction would increase the payments that would otherwise be made to the landlord or operator, such payments to the landlord or operator shall not be greater than the amount that would otherwise be made, unless the county committee certifies that the reduction is justified and approves such reduction.

The action of the county committee under this paragraph (c) is subject to approval or disapproval by the State committee.

If the State committee finds that any person who files an application for payment pursuant to the provisions of the 1942 program has employed any other scheme or device (including coercion, fraud, or misrepresentation), the effect of which would be or has been to deprive any other person of any payment under the 1942 Parity Payment Regulations to which such person would normally be entitled, the Secretary may withhold, in whole or in part, from the person participating in or employing such a scheme or device, or require such person to refund, in whole or in part, the amount of any payment which has been or would otherwise be made to such person in connection with the 1942 program.

(d) Deductions in case of erroneous notice of acreage allotment.--Notwithstanding the deduction provisions of section 2 in any case where, through error in a county or State office, the producer was officially notified of an allotment or permitted acreage for a commodity larger than the finally approved allotment or permitted acreage for that commodity and the county and State committees find, if the notice was in writing, or the county and State committees, with the approval of the Administrator, find, if the notice was not in writing, that the producer, acting upon information contained in the erroneous notice,

planted an acreage to the commodity in excess of the finally approved allotment or permitted acreage, the producer will not be considered to have exceeded the allotment or permitted acreage for such commodity unless he planted an acreage to the commodity in excess of the acreage stated in the notice erroneously issued and the deduction for excess acreage will be made only with respect to the acreage in excess of that stated in the notice erroneously issued.

Sec. 7 NO DEDUCTION FOR ASSOCIATION EXPENSES

No part of the parity payment computed for any farm shall be deducted for county association expenses incurred or to be incurred in connection with 1942 parity payments.

Sec. 8 APPLICATION FOR PAYMENT

(a) Time and manner of filing application and information required.--Payment will be made only upon application submitted on the prescribed form to the county office on or before a date fixed by the regional director but not later than March 31, 1943. Payment may be withheld from any person who fails to file any form or furnish any information required with respect to any farm which such person is operating or renting to another person for a share of the crops grown thereon or for cash or standing rent. Any application for payment may be rejected if any form or information required of the applicant is not submitted to the county office within the time fixed by the regional director. At least 2 weeks' notice to the public shall be given of the expiration of a time limit for filing prescribed forms or required information, and any time limit fixed shall be such as affords a full and fair opportunity to those eligible to file the form or information within the period prescribed. Such notice shall be given by mailing the same to the office of each county committee and making copies of the same available to the press.

(b) If a person makes application for payment with respect to a farm in a county and has the right to receive all or a portion of the crops or proceeds therefrom produced on any other farm in the county, such person must make application for payment with respect to all such farms. Upon request by the State committee, any person shall file with the committee such information as it may request regarding any other farm in the State with respect to which he has

the right to receive all or a portion of the crop or proceeds thereof or which he rents to another.

Sec. 9 APPEALS

Any person may, within 15 days after notice thereof is forwarded to or made available to him, request the county committee in writing to reconsider its recommendation or determination in any of the following matters respecting any farm in the operation of which he has an interest as landlord, tenant, or sharecropper: (a) eligibility to file an application for payment; (b) any acreage allotment, permitted acreage, usual acreage, normal or actual yield, or measurement; (c) the division of payment; or (d) any other matter affecting the right to or the amount of his payment with respect to the farm. The county committee shall notify such person of its decision in writing within 15 days after receipt of such written request for reconsideration. If such person is dissatisfied with the decision of the county committee he may, within 15 days after such decision is forwarded to or made available to him, appeal in writing to the State committee. The State committee shall notify such person of its decision in writing within 30 days after the submission of the appeal. If such person is dissatisfied with the decision of the State committee, he may, within 15 days after such decision is forwarded to or made available to him, request the regional director to review the decision of the State committee.

Written notice of any decision rendered under this section by the county or State committee shall also be issued to each person known to it who, as landlord, tenant, or sharecropper having an interest in the operation of the farm, may be adversely affected by such decision. Only a person who shows that he is adversely affected by the outcome of any request for reconsideration or appeal may appeal the matter further but any person who, as landlord, tenant, or sharecropper having an interest in the operation of the farm, would be affected by the decision to be made on any reconsideration by the county committee or subsequent appeal shall be given a full and fair hearing if he appears when the hearing thereon is held.

Sec. 10 FORMS AND INSTRUCTIONS

The Agricultural Adjustment Administration shall prescribe such forms and issue such instructions as may be necessary to carry out these regulations.

Sec. 11 PERFORMANCE OF DUTIES OF STATE AND COUNTY
COMMITTEES IN HAWAII AND PUERTO RICO

In the event that State and county agricultural conservation committees have not been established in the Territory of Hawaii or in Puerto Rico, the Officer in Charge of the Office of the Agricultural Adjustment Administration for the Territory of Hawaii or for Puerto Rico, as the case may be, shall perform the duties of both the State and county committees as set forth in these regulations.

1942 Parity Payment Regulations

Supplement No. 2

The 1942 Parity Payment Regulations, as amended, are hereby amended as follows:

1. Section 1 is amended to read as follows:

Section 1 Eligibility for Payment

An application for parity payment with respect to a commodity may be made by any person for whom under the provisions of Section 3, a share of the payment with respect to a commodity may be computed. Applications for payment with respect to a farm may be made for one or more of the commodities listed in Section 2 hereof prior to determination of performance of all such commodities, in which case the applicant shall agree that, after determination of performance of all such commodities, he will refund all or any part of the payment received by him in excess of that to which he is entitled.

2. Section 3 is amended by adding at the end thereof the following new paragraph:

Section 3 Division of Payments and Deductions

Notwithstanding any other provision herein, any deduction computed under these regulations for failure to comply with the volunteer wheat provisions of Section 1 (g) (6) of the 1942 Agricultural Conservation Program Bulletin shall be considered as a personal deduction for the person who fails to comply.

3. Section 6 is amended by adding the following subparagraph (e) at the end thereof:

Section 6 General Provisions Relating to Payments

(e) Payments will be made only with respect to farms which are being operated during the 1942 program year; Provided, however, That in areas designated by the Agricultural Adjustment Agency as areas in which substantial numbers of farms are determined to be farms on which the farming operations were so far short of full operation that, under such instructions as may have been issued prior to September 1, 1942, they would have been regarded as not operated and, that the shortage of operation was brought about by causes beyond the control of the operators of such farms, payments with respect to such farms may be computed and made for each crop for which parity payments are authorized for 1942 on the basis of the smaller of (1) the acreage allotment for the commodity and (2) 125 percent of the planted acreage of the commodity.

4. Section 8 (b) is amended to read as follows:

Section 8 Application for Payment

(b) If a person makes application for payment with respect to a farm in a county and has the right to receive all or a portion of the crops or proceeds therefrom produced on any other farm in the county for which a deduction could be computed, such person must make application for payment with respect to all such farms. Upon request by the State committee, any person shall file with the State committee such information as it may request regarding any other farm in the State with respect to which he has the right to receive all or a portion of the crops or proceeds thereof or which he rents to another.
